The health and wellbeing of all TAG Aviation employees is paramount. We are therefore proud to offer you all access to an Employee Assistance Programme (EAP), delivered by Health Assured – the UK and Ireland’s leading wellbeing provider.

What is an Employee Assistance Programme (EAP)?

An EAP is a confidential employee benefit designed to help you deal with personal and professional problems that could be affecting your home life or work life, health, and general wellbeing.

The EAP service provides a complete support network that offers expert advice and compassionate guidance 24/7, covering a wide range of issues. Health Assured strongly believe in providing an EAP service that offers not only reactive support when someone needs it but also proactive and preventative support to deliver the best possible outcomes.

Balancing everyday life with the requirements of work and home can create pressures for all of us. Work is a large part of people’s lives. With increasing working hours as well as technological developments to support remote working, it is vital to ensure that there is a productive, healthy environment that is conducive to a healthy lifestyle.

Health Assured, in partnership with TAG Aviation, provides all employees with complimentary access to an enhanced Employee Assistance Programme (EAP) to assist you in achieving this balance.
